

TECHNICAL DATA

20/20 SWIPE

20/20 Swipe is formulated specifically for aircraft transparent plastic windows and canopies. It meets MIL-C-18767A (ASG) as well as AMS 1535C and has been used on military aircraft since the 1950's. 20/20 Swipe cleans without scratching, helps prevent hazing and discoloration, is anti-static, and works on all plastic windows. Plasticizers in 20/20 Swipe window cleaner help keep plastic windows, windshields, instrument lenses, face shields and goggles clean and clear. 20/20 Swipe is also great for plastic automobile convertible top windows, truck plastic windows, motorcycle windshields, boat plastic windows including flexible windows incorporated into canvas covers and sidings.

FEATURES

- Conforms to AMS and Mil-Specs for Aircraft Plastic Transparencies
- Non-Toxic
- Non-Inflammable
- Anti-Static
- No Abrasives
- No Glare
- No Coating
- No Discoloration
